

Alan Jackson

I was born and raised in Murray, UT and with the exception of 3 years have lived in Utah all my life. I have a love for this great state and enjoy raising my family here. My wife, Tish and I have been married for 18 years and have 6 children, including a nephew that we consider our own. We are very excited to be living in Bluffdale and love the views, the quiet, and the people.

Though I don't have any experience in city government I have been self employed since the age of 22. My experiences in business have prepared me for this opportunity to serve the citizens of Bluffdale. As an employer I have always believed that the most important part of my business was to serve my clients. As a councilman for Bluffdale City I will always place the needs of the people first without any personal agenda on my part.

Challenges facing Bluffdale City are police protection, taxes, residential development, and commercial development. Bluffdale is a unique city set apart from other cities within the valley. I will fight to maintain our great heritage and keep Bluffdale moving into the future. www.alanjackson4bluffdale.com
