

**TROY E. CHISHOLM** - Councilman for Bluffdale City. Bachelor degree in Accounting from UVU. Compounding Director at Reams Compounding Pharmacy. I have worked in construction, custom woodworking, cabinet making and accounting. I have ten wonderful children, one grandchild, and one very supportive and awesome wife. Currently serving on Mosquito Abatement Board, & City Council. I enjoy outdoor activities and sports. I believe that peace is a vital and an important part of allowing our city to continue to move in a direction that will bless our community and citizens. I went door to door to understand what the majority of citizens want for their areas or neighborhoods during a plan to change an area. During my term, we have kept one acre lots, Town Days (now Old West Days), reinstated the "arts" program, improved the Miss Bluffdale pageant, fire department, added a police department, a citizen's watch program, approved a new high school, worked on road improvements, and so many more things that are currently in progress. I would appreciate your vote so that I may continue my service and work towards finishing up on these and other vital projects for Bluffdale.
