BEAUTIFICATION & TREE PLANTING SERVICE PROJECT

On October 10th at 10 am (10 -10 @ 10) Bluffdale City sponsored a service project to plant trees and spruce up the City Park before winter. By the end of the morning 70-80 donated trees were planted along with an assortment of flowers and bulbs. We would like to thank the volunteers of all ages who came and helped us out. Their efforts will be enjoyed by many for years to come.

WINTER REMINDER

As winter approaches and the weather turns cold we would like to remind our citizens to make sure your outdoor water fixtures are properly winterized to avoid freezing. Some of these include sprinkler systems, drinking fountains, ponds or other yard décor.

Also please check your water meter lids to make sure they are closed tight. If they are left open wind can freeze the meter. For more information please call Bluffdale city Public Works at 801 254-2200.

STREET PARKING

The Streets Department would like to remind you that per Bluffdale City ordinances, "No person shall park a vehicle on any street when it is snowing or snow is on the street during the months of November, December, January, February, March, and April." Please help the snow plow drivers maintain safe driving conditions during the winter months. Citizens can be cited for non-compliance.

TRUNK OR TREAT

On Saturday October 31, 2009 Bluffdale City held its annual Trunk or Treat. The event was well attended and we would like to thank everyone who came and enjoyed the evening with us. Along with filling their bags with candy, the kids also got to enjoy hot chocolate and cookies. Those who were up for a scare could take a walk through the spook alley. It was an enjoyable night and we look forward to seeing everyone again next year!

Happy Thanksgiving!

BLUFFDALE CITY BUSINESS SPOTLIGHT

code
Corporation

14940 Pony Express Road, Suite 500

In this month's business spotlight we are looking at Code Corporation. Code Corporation located its worldwide headquarters here in Bluffdale just over a year ago. Code Corporation designs, develops and manufactures image-based bar code readers, portable data terminals and software tools for data collection applications.

Whether you have an application that involves linear (1D) or data matrix (2D) bar codes, Code Corporation's can help with their code readers which include plug and play technology. We are proud to have Code Corporation as one of our corporate citizens. For more information on Code Corporation visit their website: www.codecorp.com.
