30 **1-10 Zone, Staff Presenter, Grant Crowell.**
31

32 City Planner/Economic Development Director, Grant Crowell presented a proposal to change the
33 City Ordinance to allow pygmy goats and chickens in R-1-10 zones. The proposal allows six
34 chickens, two to three pygmy goats, and no roosters on lots that are a minimum size of 10,000
35 square feet.

36
37 There were no recommended changes to the R-1-43 zones, which currently allow 25 chickens per
38 .50-acre lot. Clarification was needed for lots in R-1-43 zones that are less than .50 acre.
39 Mr. Crowell recommended adding language in the Code setting a 10,000 square-foot threshold.

**BLUFFDALE CITY COUNCIL
MEETING MINUTES
Wednesday, May 27, 2020**

1 The changes to the ordinance would not affect neighborhood CC&R regulations. Mr. Crowell
2 noted that policy considerations need to be made such as requirements for pen sizes and setbacks
3 from dwellings and property lines and whether the guidelines will be consistent or different
4 throughout the City.

5
6 The Council discussed whether chickens create noise or odor issues and the reason for setback
7 requirements. Traci Crockett commented that a neighbor with a dog could have issues with a
8 neighbor who has a chicken coop along the neighboring fence. Mayor Timothy asked what the
9 side yard setback is for R-1-10 properties. Mr. Crowell reported that the setback is 10 feet and
10 noted that residents do not always get permits for smaller structures. Portable structures can be
11 closer than 10 feet if the resident goes through the easement process.

12
13 Mayor Timothy asked the Council Members if they support allowing chickens in R-1-10 zones.
14 All of the Council Members expressed their support as long as roosters are not allowed. Mayor
15 Timothy asked the Council Members if they agree with a 10-foot setback requirement for coops
16 and pens. Traci Crockett stated that she would like to do more research.

17
18 Council Member Crockett asked if beehives are allowed in R-1-10 zones. Mr. Crowell noted that
19 there are currently no provisions for beehives. The Council discussed whether bees should be
20 allowed or if they are too close in proximity to residential neighborhoods.

21
22 Dave Kallas reported that he has a beehive and the practice of keeping bees is becoming popular.
23 He noted that the State has regulations and beekeepers are supposed to register with the Utah
24 Department of Agriculture. Mayor Timothy was not aware of any complaints regarding bees and
25 suggested they be allowed.

26
27 Mayor Timothy asked Mr. Crowell to prepare a list of what types of animals that are allowed and
28 not allowed so that the Council can consider them together and avoid spot zoning. The Council
29 Members asked about including rabbits and pigs. Mark Hales shared concerns about opening the
30 door to too many types of animals. He suggested looking at what other cities have done to

1 incorporate animals and implement regulations. Mr. Crowell offered to research the animal types
2 allowed in R-1-10 zones and the recommended setbacks in other cities.

3
4 **2.2 Review of COVID-19 Summer Events, Staff Presenter, Connie Pavlakis.**

5
6 Public Works Director, Shane Paddock introduced Connie Pavlakis and stated that she has been
7 working on creating a variety of events for the community since Old West Days was canceled.
8 Ms. Pavlakis created a budget for the items and prepared a presentation for the City Council
9 outlining the events.

10
11 Ms. Pavlakis reported that the Summer Wranglin’ Remix will be conducted through the Old West
12 Days Facebook and Instagram accounts. The Old West Days Committee and the Youth City
13 Council assisted Ms. Pavlakis in creating the events. The Youth Council also volunteered to assist
14 with running the events throughout the summer.

15
16 The Summer Wranglin’ Remix will consist of the following activities:

17
18 **Summer Long Basics**

- 19
- 20 • Story Time Surprise will take place Monday through Friday. The event consists of
21 recorded stories to be read by teenagers at 7:00 p.m. each night beginning next week.
22 Approximately 65 youth will be involved in the event.
 - 23 • Yard Bandit
 - 24 • Summer Wranglin’ Bash
 - 25 • Prizes will be provided by various vendors to promote participation. Participants will be
26 entered into a drawing for each event they participate in throughout the summer.
 - 27 • Youth City Council Mayor, William Hall will host Friday nights in June to provide an
28 online Mario Kart tournament for youth under the age of 18. The first, second, and third
29 place winners will receive prizes consisting of crumble cookies and candy. The first-place
30 winners will participate in a champion tournament in July. Parents can register their
31 children for the event through bill pay and will receive a password to participate.

1 Main Events
2

- 3 • *Summer Dance Remix.* Participants will submit videos of themselves dancing in their front
4 yard, hopefully together as a neighborhood. The winners will be awarded pizza and will
5 be invited to participate in a private Meet and Greet through Zoom with a select artist. Ms.
6 Pavlakis was working to line up an artist. This event will be held once a month.
- 7 • *Drive-in Bingo.* The event is expected to take place weekly in either the west parking lot
8 or the arena parking lot. Participants will receive a bingo card and will play bingo from
9 their cars for prizes. The event is a great way for seniors to get out and enjoy the activities.
- 10 • *Rollin’ Wranglers Old Car Parade.* The event will replace the Old Car Show to maintain
11 social distancing. The parade of old cars will drive through Perry Farms, Independence,
12 and through the loop in Spring View during the week of Father’s Day.
- 13 • *Flags a Flyin’ Yard Contest.* Prizes will be given for the Best Patriotic Yard.
- 14 • *Livestock Masquerade.*
- 15 • *Many Medi Thanks.* The Youth City Council would like to have the public submit a thank
16 you video for Bluffdale’s nurses and doctors. The Youth Mayor will combine the videos
17 into one large video and post it on social media.
- 18 • *Sizzlin’ Summer Garden Kickoff.* Prizes will be given for garden growing and will be
19 judged in August.
- 20 • *Bingo Remix.* Participants will be provided with a card listing various activities to
21 complete. The activities are designed to appeal to various interests including hikers, chefs,
22 sports, pets, and photographers.
- 23 • *Scavenger Hunt Remix.* A scavenger hunt will be completed through an app and is designed
24 to encourage people to get out and have fun.
- 25 • *Summer Reel Remix.* Participants will submit short videos of themselves engaged in fun
26 summer activities.
- 27 • *Fishin’ Derby.* One of the fishing events will be held within city limits and another one
28 will be held in the wilderness. Bluffdale will be included in the City limits event.
- 29 • The 4-H Stem Group will be providing challenges and prizes for all school-aged youth.

- 1 • *Yard Bandit*. Ms. Pavlakis shared signs of what the Yard Bandit looks like.
- 2 • *Late Night Lights*. Participants will decorate their cars with lights and drive the same route
- 3 as the Old Car parade from 9:00 p.m. to 11:00 p.m. The event will start in Independence.
- 4 • A final dance contest and chalk art contest will take place in August. Residents will create
- 5 chalk art designs in their driveway and submit their address. A map will be created so that
- 6 the public can drive around and vote on the designs.
- 7 • Drawings will take place for the bash events at the end of summer.
- 8 • *Renovation Remix*. Participants can submit renovations they have completed to their homes
- 9 and yards.
- 10 • Other small activities will take place throughout the summer to keep the community
- 11 engaged.

12
13 Ms. Pavlakis reported that a head nod is needed from the City Council for an event called A Tile
14 Worth While. The idea is that participants will pick up a four-inch tile from the City and decorate
15 it. The decorated tiles will be returned to the City where they will be permanently showcased as a
16 framed piece in an appropriate location.

17
18 Mark Hales asked if it is safe to advertise resident's addresses for the chalk art contest.
19 Ms. Pavlakis stated that the submissions could be done by photo if the City Council has concerns.

20
21 The Council Members noted their support of the Tile Worth While idea. Mayor Timothy shared
22 concerns about making the tiles a permanent fixture and suggested not putting a time frame on the
23 project. If the project is popular, it can be left up and if not, it can be taken down. Jeff Gaston
24 agreed. Ms. Pavlakis noted that only a few tiles may be submitted but the hope was that there will
25 be several. City Manager, Mark Reid suggested that they could be rotated if over 100 are received.

26
27 Ms. Pavlakis reported that a total of \$10,400 was collected from early donations for Old West Days
28 and only two sponsors requested a refund. The remaining sponsors requested that the money be
29 used toward the summer events. The current budget is \$9,800 and the activities were expected to
30 cost just over \$7,000.

1
2 Jeff Gaston asked if the City Council should provide money to pay for Facebook ads. Ms. Pavlakis
3 reported that the advertising costs could easily be covered with the current funds. She suggested
4 that the Council put the money toward fireworks or something similar that would be well received.
5 Vendors that Ms. Pavlakis works with are also willing to help with events if the City is interested
6 in doing more.

7
8 Ms. Pavlakis mentioned that another event includes a virtual 5K run where participants submit
9 screenshots of their route and the time it took them to run the distance. She was also considering
10 prizes such as gift cards for restaurants and other businesses that have sponsored the City in the
11 past to give back to those businesses.

12
13 Mayor Timothy was very impressed with the ideas and work of Ms. Pavlakis, the Old West
14 Committee, and the Youth City Council and suggested that the events may be something to
15 consider including in future Old West Days.

16
17 **3. Council Discussion.**

18
19 Jeff Gaston reported that he received inquiries from two residents asking if the City is adding a
20 trail on the north side by the pickleball courts in Independence. Mr. Reid was not aware of any
21 plans to add a new trail at the location.

22
23 A resident also informed Council Member Gaston that the lights on the south end of Porter
24 Rockwell Boulevard were out. Public Works Director Shane Paddock stated that there was a work
25 order pertaining to the middle school that cut through a line, and the Street Superintendent has an
26 employee working on it. Mr. Paddock appreciated the resident reporting the outage.

27
28 **4. Adjournment.**

26
27 Mark Hales asked for the Pledge of Allegiance and Invocation to be added to future agendas. Fire
28 Chief, Warren James led the Pledge of Allegiance and Public Works Director, Shane Paddock led
29 the Invocation.

30
31 **2. Public Forum.**

32
33 Dan Hardle gave his address as 3437 West Shiloh Creek Circle and reported that he has been
34 working persistently with the Building Department to get approval to build a detached structure in
35 on his property but has not been able to meet the requirements of the ordinance and the CC&Rs.
36 He was advised by staff to bring the issue before the City Council. Mr. Hardle explained that the
37 property is zoned one acre but the parcel is .72-acres in size, which makes it difficult to meet the
38 setback requirements. He asked if there is a way to reconcile the matter or change the current
39 zoning ordinance.

**BLUFFDALE CITY COUNCIL
MEETING MINUTES
Wednesday, May 27, 2020**

1
2 Mayor Timothy explained that the City Council typically does not respond in public forums and
3 noted that the City Council cannot violate the ordinance or bend the rules. He stated that
4 Mr. Hardle could either apply for a variance or request to have the setback changed in the zone for
5 his neighborhood. Mayor Timothy informed Mr. Hardle that five requirements must be met for a
6 variance to be granted. He also suggested reducing the project size to meet the requirements.

7
8 Mark Hales asked Mr. Hardle if he reviewed the variance packet to determine if he meets the five
9 requirements. Mr. Hardle indicated that he was informed by staff that he would not be approved.

10
11 Dave Kallas noted that there are often smaller setback requirements for breezeways and asked if
12 the City has an ordinance on breezeways. Mr. Crowell explained that detached structures must
13 have a setback of 20 feet and stated that the easiest thing to do is to change the City-wide law in
14 the R-1-43 zone. Mayor Timothy agreed that the policy change needs to apply to all City residents.
15 The City could carve out language for special circumstances such as homes in planned residential
16 developments or overlay zones.

17
18 Mr. Crowell explained that the Building Code does not require 20 feet of separation and suggested
19 a double firewall separation that could be applied for all R-1-43 zones. He added that there was
20 more space in Bluffdale when the requirements were determined. Mark Hales and Jeff Gaston
21 suggested updating the ordinance. Mr. Reid noted that one of the reasons for setbacks is for
22 neighbors and special circumstances but added that if the neighbor is a canal or other unoccupied
23 structure, a setback would not be needed. Wendy Aston agreed with updating the ordinance.
24 Mayor Timothy encouraged Mr. Hardle to meet with Mr. Crowell to come up with changes to
25 present to the City Council.

26
27 Mayor Timothy asked Wendy Aston if the side setbacks to property lines should also be considered
28 along with the R-1-43 structure to house setback. Council Member Aston suggested that it would
29 be easiest to focus on the setback between the house and accessory structure. Mayor Timothy
30 directed Mr. Crowell to propose a change to the distance between a house and an accessory
31 structure.

12
13 Mr. Crowell presented a change to the definition of “funeral home” to clarify that cremations may
14 be conducted at funeral homes. Mayor Timothy asked if the language should specify that a
15 cremation facility is allowed in a funeral home rather than referring to the cremation process. City
16 Attorney, Todd Sheeran was asked to research the language that should be used. Mr. Crowell
17 displayed a map of areas in Bluffdale where funeral homes and crematoriums are allowed and
18 confirmed that the proposed funeral home is in an authorized area.

19
20 Dana Howland from Howland Partners, Inc. provided photographs of the cremation equipment
21 that Serenity Funeral Home uses and pointed out that the exhaust goes through a scrubber and only
22 emits heat from the smokestack. He explained that the cremation process is odorless and has no
23 environmental impact. Mr. Howland noted that cremation rates in the country have increased
24 significantly due to lower costs.

25
26 Lehi Rodriguez from Serenity Funeral Homes gave the background of his company and locations
27 and noted that there are no funeral homes in Bluffdale. He agreed that cremation has grown in
28 popularity and noted that the three cremation centers he operates have increased by 50% in the
29 State of Utah. Fifty percent of the population now chooses cremation over burial. Mr. Rodriguez
30 added that funeral homes that do not have their cremation centers share cremation centers.

31
32 Mr. Rodriguez assured the City Council that the machines are odorless and smokeless and only
33 emit heat waves. Particulate matter that is emitted is immediately dissolved by sunlight and wind.

**BLUFFDALE CITY COUNCIL
MEETING MINUTES
Wednesday, May 27, 2020**

1 Because of the low environmental impact, cremation centers have been authorized in locations
2 near schools, parks, restaurants, and neighborhoods.

3
4 Traci Crockett reported that she has heard about crematoriums only being allowed in industrial
5 areas that can only burn at night and asked if the technology has changed to reduce the
6 environmental impact. Mr. Rodriguez was aware of one crematorium center that does cremation
7 by water. He explained that cremation by water is a new trend that was expected to be popular;
8 however, water waste has become an issue. Serenity Funeral Homes uses the traditional process,
9 which is safe for the environment.

10
11 Jeff Gaston commented that he knows someone who lives near a pet crematory who and has
12 noticed a considerable odor. He asked Mr. Rodriguez if he knows why pet crematories emit odors.
13 Mr. Rodriguez explained that pet crematories have a different set of rules. He pointed out that
14 Serenity Funeral Homes only performs human cremations.

15
16 Dave Kallas asked if a permit from the Environmental Protection Agency (“EPA”) is required for
17 cremation centers. Mr. Rodriguez replied that it is not required because the emissions and impact
18 are so low that there are no concerns from the EPA.

19
20 Mark Hales asked if the cremations are conducted at a specific time of day. Mr. Rodriguez
21 responded that his funeral homes typically conduct three cremations per day consisting of one in
22 the morning, one in the afternoon, and one at night. Each cremation takes approximately five
23 hours, which includes time for the machine to cool down.

24
25 Mr. Rodriguez expected the Bluffdale location to have similar demand. Mr. Reid asked if any of
26 the businesses in the building have expressed concern about the funeral home coming in.
27 Mr. Howland replied that there have not been any concerns and noted that he currently has interest
28 from a potential tenant for a drive-in restaurant.

2 contains a carbon scrubber.

3
4 Mayor Timothy opened the public hearing. Finance Director, Bruce Kartchner reported that no
5 comments were received. There were no public comments.

6
7 Dave Kallas reported that he has conducted his own research and found that many cities require a
8 setback of 500 to 1500 feet for crematoriums. He asked if the Council should consider requiring
9 similar setbacks and noted that there are residential homes across the street from the proposed
10 location. Jeff Gaston stated that most of the homes are vacated with a few residents on the south
11 end and near Bangerter Highway and 2700 West.

12
13 Traci Crockett stated that if the manufacturer and EPA do not have concerns, she does not believe
14 a setback is needed or would make a difference. Dave Kallas noted that there were also concerns
15 about mercury in some of his research. Mr. Crowell commented that the area is zoned for a funeral
16 home and other businesses such as a wood-fired barbeque restaurant or paint and body shop.

17
18 In response to a question raised by Mayor Timothy, Mr. Rodriguez explained that the process
19 involves the act of embalming and cremation. The facility is typically known as a funeral parlor,
20 mortuary, or cremation center. Mr. Rodriguez confirmed that the building is a crematorium.

21
22 Jeff Gaston asked if the location will be advertised as a funeral home or crematorium.
23 Mr. Rodriguez stated that it will be advertised as a funeral home since many funeral homes include
24 crematories. Jeff Gaston preferred for it to be called a funeral home and would not like to see it
25 ever become an industrial cremation center. Mark Hales commented that a funeral home is implied
26 to include a crematory.

27
28 **Mark Hales moved to approve a proposed zoning text amendment to amend Title 11-2-2**
29 **definition of “Funeral Home” to add the following:**

17
18 Mr. Sheeran reported that he previously presented changes to the City Code regarding the City’s
19 organizational chart to specify who is responsible for creating and approving the chart. Certain
20 language was not approved during the previous discussion. This item would add language stating
21 that the City Manager, by recommendation and approval of the City Council, may create additional
22 departments and positions as needed. Mr. Sheeran believed that the change mitigates the concerns
23 of the Council.

24
25 Mr. Sheeran noted that Jeff Gaston emailed him and requested changes to the discussion, which
26 were added as Exhibit B. If a Council Member wants the changes to be included, the motion would
27 need to clarify that the text from Exhibit B is being adopted. It was noted that approval of the
28 organizational chart would take place in a public meeting.

29
30 Wendy Aston pointed out that Section 1-7-2 (A7) mentions all of the department heads but does
31 not include the Public Works Director. Mr. Sheeran offered to present a change for consideration
32 at a future meeting in a separate amendment.

1
2 Mayor Timothy reported that the City Council has given the City Manager the responsibility of
3 overseeing the organizational structure and the position is similar to the CEO of a company. He
4 pointed out that CEOs are not required to get approval from the board to make changes to an
5 organizational chart; however, if the Council Members wish to retain approval authority, he prefers
6 Exhibit B.

7
8 Wendy Aston did not object to giving the City Manager the ability to manage and approve the
9 organizational structure; however, she also does not want to take any rights away that the City
10 Council currently has and also preferred Exhibit B. Jeff Gaston expressed his support for
11 Exhibit B, which he authored.

12
13 Dave Kallas asked what happens if the City Council does not approve the organizational chart.
14 Mr. Sheeran stated that in that case, the organizational chart would remain unchanged. Jeff Gaston
15 explained that the City Manager would provide written notice to the Council of any proposed
16 organizational chart changes. If there is no opposition to the change, the City Manager would
17 simply make the change. If a Council Member disagrees with the change, the proposed change
18 would be brought before the Council for discussion and a vote.

19
20 Dave Kallas pointed out that the process has the potential to become burdensome particularly when
21 there is a need to shuffle job duties among employees due to an employee resignation or retirement.
22 Council Member Gaston stated that if there is no opposition, the change would not need to come
23 before the City Council. Mark Hales commented that he would not want to spend time
24 micromanaging the City Manager.

25
26 Council Member Gaston stated that it is important to have oversight due to the City being a
27 taxpayer-funded organization to ensure the communication channels are open between the City
28 Manager and the City Council. Mark Hales pointed out that the City Council has already spent
29 approximately two to three hours debating over the organizational chart. Jeff Gaston noted that
30 the purpose of the amendment is to reduce the time the City Council spends on the organizational
31 chart since the City Manager will only have to request approval if there is opposition to a change.

1
2 Mayor Timothy stated that he believes the organizational chart should be the sole responsibility of
3 the City Manager and, if the City Council does not approve of what the City Manager is doing, the
4 City Council could come together and address the issues with the City Manager. Mr. Sheeran was
5 asked if he was aware of any cities that require the City Council to approve organizational charts.
6 Mr. Sheeran replied that most cities follow what is done in Exhibit A.

7
8 Traci Crockett preferred the original version where the City Manager has the authority over the
9 organizational chart. She did not consider Exhibit B to be helpful. Jeff Gaston also preferred the
10 original version but some Council Members had issues with it.

22
23 Mayor Timothy shared a recent experience where his family was at the hospital. The healthcare
24 staff was very professional and took excellent care of his family. All of the staff members wore
25 glasses and he pointed out that COVID-19 can be passed via fluid in the eyes. Mayor Timothy
26 emphasized the importance of wearing masks when social distancing cannot be maintained
27 because of the ease in which COVID-19 can be spread. He also recognized the great job the State
28 and County health officials have done during the pandemic.

- 1 • Interviews for the Fire Chief position were to take place the following Friday beginning at
2 9:00 a.m. Four candidates will be interviewed that morning, with lunch to follow at
3 1:00 p.m. as well as a panel discussion on the candidates. Two additional candidates will
4 be interviewed the following week through Zoom. Mayor Timothy asked the Council
5 Members to attend all four interviews if they plan to participate. The interview panel will
6 consist of current and former Fire Chiefs and Captains including Don Rosencrantz, Marlin
7 Jones, Matt Evans, and Fitz Peterson.
- 8 • The splash pad was scheduled to open for Memorial Day; however, the County Health
9 Department indicated that it would need to be staffed, which was not possible. The Public
10 Works Department opened the splash pad on Tuesday at noon, and there were
11 approximately 30 children present. The splash pad in Independence was currently under
12 maintenance and expected to open on Monday.
- 13 • The Public Works Department did an amazing job of preparing the cemetery for Memorial
14 Day and placed large flags on the graves of veterans. The American Legion performed a
15 rifle salute and played Taps.
- 16 • A part-time Bluffdale firefighter was exposed to COVID-19 as a result of responding to a
17 call for another fire department he works for. When the call came in, the patient reported
18 no COVID-19 symptoms; however, when the crew arrived, they found that the patient had
19 symptoms. The patient later tested positive and the fire crew was quarantined for 14 days.
20 Fire Battalion Chief, Warren James was able to get the employee’s shift covered quickly.
- 21 • The Engineering Department submitted an Employee Recognition Award for Construction
22 Manager, Tom Hyatt. Mr. Hyatt was recognized for saving the City a substantial amount
23 on two large projects. He has 38 years of experience in construction management and is a
24 valuable asset to the City.
- 25 • The Water Department submitted an Employee Recognition Award for Water Department
26 Lead Tyson Montage. Mr. Montage has been instrumental in training throughout the
27 department, overseeing a variety of special projects including the upgrade of the two-way
28 radio system, and assisting another department in a networking project. Mr. Montage is
29 always pleasant to work with and willing to do any job.

- 1 • A temporary seasonal worker is working on Saturdays to open and close restrooms, conduct
2 maintenance projects, and empty trash.
- 3 • An individual will be submitting plans to develop 32 single-family homes on one-acre lots
4 at a site called Liljenquist on 3200 West. The site has come before the City Council on
5 multiple occasions but previous all plans have failed due to challenges with the access road
6 through the neighborhood to the west and a stub road that ends at the north end of the
7 subdivision. The applicant plans to take most of the traffic through the subdivision and use
8 the stub road to enter on the opposite side. There is also an entrance at 3200 West and
9 14400 South that follows one of the utility easements on the site.
- 10 • The City has an eight-year-old water tank in Herriman and purchased a future tank site just
11 south of Independence when 15000 South and 3200 West were under construction. Staff
12 was currently considering purchasing an additional 10 acres at the south end of the City on
13 Camp Williams west of Redwood Road. Due to the steep slope of the site, staff was
14 meeting with Sunrock to see if they can mine some of the rock to provide an accessible and
15 functional site. The cost of the site is \$85,000 per acre and Sun Rock would pay the City
16 for any material they remove.
- 17 • The City purchased 250 antibody kits for COVID-19 testing, which was to take place the
18 following day from 8:00 a.m. to 7:30 p.m. at the west end of the park. Jeff Gaston stated
19 that an additional site was opened up and the City can perform up to 500 tests. A total of
20 19 City employees have signed up for testing.
- 21 • The new garbage pickup schedule will begin on June 8. Garbage in Bluffdale has
22 traditionally been picked up on Friday; however, the haulers have asked to make changes
23 so that they have drivers in the City every day of the week rather than one. The garbage in
24 Independence will now be picked up on Fridays and Bluffdale residents will have their
25 garbage picked up on Monday, Tuesday, Wednesday, or Thursday depending on the
26 neighborhood they live in. Recycling will be collected every other week on the same day
27 as the garbage. Notices will be provided to residents and garbage will be picked up on
28 Friday and the new day during the first week to help residents adjust to the change.

- 1 • Mark Hales suggested providing an app to residents that would allow them to postpone
2 garbage and recycling pick up. Mr. Reid stated that providing that option could become an
3 accounting challenge and noted that staff will look into how other cities use the app.

4
5 Mayor Timothy asked how the Parks Department will know which days to pick up the trash
6 at each park and suggested designating one day for pick up in all parks. It was also noted
7 that the Parks Department picks up missed trash cans and will need to determine how that
8 will be handled.

REQUEST FOR CITY COUNCIL ACTION

To: Mayor and City Council
From: Ellen Oakman, Associate Planner
Date: June 18, 2020
Business Date: June 24, 2020
Subject: City Initiated Text Amendment to reduce the required distance between buildings in the R-1-43 and R-1-87 Zones of the City Code

Staff Presentation: Ellen Oakman

RECOMMENDATION:

To approve the 2020-28 City Initiated Text Amendment Application as recommended by the Planning Commission on June 17, 2020.

SUMMARY:

Many city residents have expressed difficulty in the current ordinance standard of the R-1-87 and R-1-43 Zones regarding a 20’ distance required between an accessory building and a dwelling. As many residents have encountered difficulty in building desired structures, staff was requested to review and amend the standards in these zones to better reflect the needs of the residents and be more consistent with the city building code, as well as the R-1-10 Zone which currently requires 10’ from accessory structures to another dwelling. Overall, this ordinance amendment will provide greater consistency, while enhancing property rights for more development opportunity for the residents.

1. Proposed revisions to R-1-43 (11-8A-10), DISTANCE BETWEEN BUILDINGS:
 - The distance between any accessory building and any dwelling shall not be less than ten feet (10’).
2. Proposed revisions to R-1-87 (11-8D-10), DISTANCE BETWEEN BUILDINGS:
 - The distance between any accessory building and any dwelling shall not be less than ten feet (10’).

	Existing	Proposed

STAFF REPORT
June 10, 2020

To: City of Bluffdale Planning Commission
Prepared By: Ellen Oakman, Associate Planner

Re: **City Initiated Text Amendment to reduce the required distance between buildings in the R-1-43 and R-1-87 zone**

Application No.: 2020-28
Applicant: City of Bluffdale
Request: That the Planning Commission review the text amendment to reduce the minimum distance between buildings for certain zones and make a recommendation to the Bluffdale City Council.

SUMMARY

Staff was requested to review and amend the existing sections in Title 11-8A-10 (R-1-43) and 11-8D-10 (R-1-87) of the Bluffdale City Code, by reducing the requirement that states that the distance between any accessory building and any dwelling must be a minimum of twenty feet (20'). Staff has proposed revisions in accordance with directions from the Bluffdale City Council and City Staff experience. Staff was requested to review a lesser requirement of 10 feet and determined that ten feet (10') was appropriate for this development standard, to allow for greater property rights, it does not conflict with adopted building code requirements, and is a policy decision of the City Council.

Many city residents have encountered difficulty in developing desired structures due to this standard and this amendment will provide more ease in building and allow the City residents to flourish and live in a way that they desire and feel is best for the place they call home. Staff proposes, with the recommendation of City Council to alter both the R-1-43 and R-1-87 Residential zones to be consistent with the other Residential Zones and to meet this more appropriate standard of ten feet (10') between an accessory structure and the main home, rather than the current code requirement of twenty feet (20').

ANALYSIS

The proposed amendments include the following:

1. Proposed revisions to R-1-43 (11-8A-10), DISTANCE BETWEEN BUILDINGS:
 - The distance between any accessory building and any dwelling shall not be less than ten feet (10’).
2. Proposed revisions to R-1-87 (11-8D-10), DISTANCE BETWEEN BUILDINGS:
 - The distance between any accessory building and any dwelling shall not be less than ten feet (10’).

REQUEST FOR CITY COUNCIL ACTION

To: Mayor and City Council
From: Jennifer Robison, Senior Planner
Date: June 18, 2020
Business Date: June 24, 2020
Subject: Text Amendment Application to amend Title 11-2-2 definition of Funeral Home to include cremation facilities.
Applicants: Howland Partners

RECONSIDERATION OF TEXT AMENDMENT APPLICATION:

The City Council requested this application be reconsidered following a denial on May 27, 2020. The application has been re-noticed and the ordinance prepared for the Council to discuss the following definition:

FUNERAL HOME: An establishment engaged in preparation of funeral services. Uses may include the preparation of the deceased for burial, for the display of the deceased and/or for ceremonies or services related thereto. A funeral home may include facilities for embalming, ~~but not for~~ and cremation. It may also include facilities for the storage of caskets, funeral supplies, and funeral vehicles. A funeral home may also be known as a funeral parlor or a mortuary.

PREVIOUS ACTIONS:

- May 20, 2020: Planning Commission recommended approval of the application vote 5-0.
- May 27, 2020: City Council denied.
- June 3, 2020: City Council requested a reconsideration and re-notice.

Single Family Dwelling Landscaping Bond (in zoning districts where required) – An occupancy permit may be given before landscaping is completed if a bond is posted. To obtain the occupancy permit a cash bond will be required for front landscaping in the amount of \$3,000 for parcels less than 1.5 acres and \$5,000 for parcels totaling 1.5 acres or larger. The landscaping bond shall run with the land and inure to the benefit of the owner who causes the landscaping to be installed. If a bond is posted, landscaping shall be completed by one year from issuance of the certificate of occupancy.

Refunds for permits issued will be limited to eighty percent (80%) of the permit costs, not later than 180 days after the date of the payment. No refunds for plan review costs will be given if the plan review had been conducted.

NOTE 1: Buildings of unusual design, excessive magnitude, or potentially hazardous exposures may, when deemed necessary by the Building Official, warrant an independent review by a design professional chosen by the Building Official. The cost of this review may be assessed in addition to the building permit fee.

NOTE 2: The permit fee shall not be less than the hourly cost to the City. This cost shall include supervision, overhead, equipment, hourly wages, and fringe benefits of the employees involved, and the average administrative cost associated with permits of that type.

*Upon the determination of the City Manager, building permits and inspection fees may be temporarily suspended following a natural disaster.

CITY MANAGER AUTHORITY TO AMEND CONSOLIDATED FEE SCHEDULE

The City Manager shall have authority to impose new fees, as the City Manager deems appropriate or necessary. Said fees shall be implemented by executive order. Any fee added by the City Manager under this section shall be effective as specified in executive order implementing the fee. In the regular City Council meeting immediately following any fee added pursuant to this section, the City Manager shall advise the City Council of said fee. The City Council shall then have 60 days from the date of the action taken by the City Manager to amend the Consolidated Fee Schedule to include the new fee. Should the City Council fail to amend the Consolidated Fee Schedule within the 60-day time period, the fee shall be void, and any fees collected pursuant to the executive order issued by the City Manager shall be refunded.

The City Manager or Designee shall have the authority to waive, reduce or refund a fee in the interest of fairness and equity.

CITY OF BLUFFDALE, UTAH

ORDINANCE NO. 2020-15

AN ORDINANCE ADOPTING AN AMENDED CONSOLIDATED FEE SCHEDULE FOR ADMINISTRATIVE, SERVICE AND DEVELOPMENT FEES, INCLUDING WATER RATES, CHARGED BY THE CITY OF BLUFFDALE

WHEREAS, the City Council desires to update the existing fees charged by the City; and

WHEREAS, the City Council finds that the fees set forth in the amended Consolidated Fee Schedule are reasonable and necessary and comparable to those imposed by other municipalities for similar administrative, services and/or development matters and that such fees are equitable in relation to the costs incurred by the City; and

WHEREAS, the City Council has determined that it is in the best interest of the health, safety and public interest of the residents and businesses within the City to amend the Consolidated Fee Schedule as more particularly set forth herein;

NOW, THEREFORE, BE IT ORDAINED BY THE BLUFFDALE CITY COUNCIL AS FOLLOWS:

Section 1. Adoption. The Consolidated Fee Schedule of Bluffdale City is hereby adopted to read in its entirety as set forth in Exhibit "A" attached hereto and incorporated herein by this reference. All previously adopted fee schedule ordinances and resolutions are repealed and superseded by this Ordinance.

Section 2. Effective Date. This Ordinance shall take effect immediately after recording in the Office of the City Recorder.
